If/then statements:

This is a logical connection between the problem Identified, the resources needed and strategies implemented. Read the following if/ then statement after filling in these blanks.

The problem we want to address is drugs,

If we have the production then we can provide more awareness,

If we provide these activities we will see a decline of use on drugs,

If we have these results then this problem will be alleviated,

If this problem is alleviated then this project will be complete.

If the problem still exists then we will begin an additional plan.....

CSAP Six Prevention Strategies

1. Dissemination of Information – **knowledge** (get the word out)

The dissemination of information is characterized by one-way communication from the source to the audience, with limited contact between the two.
